...If you want to customize the gremlin, but you don't want to draw your own picture, you can always cut and paste these money bags into the papercraft. (Everyone loves money, right?)

Foreground piece

Base piece

See how you rotated this page around to read this text more easily? **Ge** The same rule applies to scissor cutting. Rotate the **Whiz!** PAPER while cutting—not the scissors—and you'll get pro-looking edges (and impress your friends)!

INSTRUCTIONS
1) Trim out the 3 pieces that form your gremlin on the GRAY outline border of each shape. Don't forget to cut the assembly slots in each piece. 2) Roll the "base" piece into a loop-type shape and secure by sliding the two vertical BLACK slots into each other. 3) Insert the "background" and "foreground" pieces into the base by aligning the corresponding BLUE and ORANGE slots.

The astonishing wish-granting hibernator.

Dream Genie

Step right up and imagine the thing you want most—your strongest desire! Now quietly whisper your ambition into the ear of the Dream Genie and if he dreams about it—your wish will eventually come true. But beware! This astonishing wish-granting hibernator loves to sleep. If you accidentally wake him up he will become cantankerous and impart upon you the exact opposite of your wish. Use caution!
